>Subject: Update on Timing of Water Quality Rulemaking

>
>
>Dear Chairmen Allen, Cladoosby, and Forsman and Mr. Phil Rigdon:

>
>
>As members of the Governor's Informal Advisory Group, I wanted you to
>know about a change of the timing for issuance of a draft rule related
>to the human health criteria update of the water quality regulations.
>As you all know, updating the human health criteria is one of my top
>priorities as Ecology's director. I previously committed to you
>issuance of a draft rule no later than March. Because of the critical
>importance of getting this rule right for Washington state, I am going
>to need more time. I still intend to have a final rule adopted by

>December 31, 2014. In the meantime, I will continue to work diligently

>to issue a draft rule as soon as possible.
